During Morch and April numerous employees and officials of the Reichsbahn were arrested. In the offices of the Ministry alone, 12 persons were placed in custody. Some 150 ordinary employees in the eight operating divisions were also arrested, but 35 were reported to have been released. It is said that the action was undertaken on instructions from Deputy Minister Steiner.

9	The previously-mentioned change in use of indicator and transport
	numbers has not been put into effect as planned. 1/ Although the
	Soviet authorities had ordered that the system be revised, they were un-
	willing to accept the proposed plan of the Reichabehn. A compromise scheme
	was adopted, and it is said that it will be tried out first on shipments
	routed through the two border coints of Kuestrin and Forst
